### **FAIRFAX COUNTY GOVERNMENT**

In Virginia, cities and counties are distinct units of government and do not overlap. Fairfax County completely surrounds the City of Fairfax and is adjacent to the City of Falls Church and the City of Alexandria. Property within these cities is not subject to taxation by Fairfax County, and the County generally is not required to provide governmental services to their residents. However, the County provides certain services to the residents of these cities pursuant to agreements with such cities.

In Fairfax County, there are three incorporated towns - Clifton, Herndon and Vienna - which are overlapping units of government within the County. The ordinances and regulations of the County are, with certain limitations prescribed by the *Code of Virginia*, generally affected in them. Property in these towns is subject to County taxation and the County provides certain services to their residents. These towns may incur general obligation bonded indebtedness without the prior approval of the County.

The Fairfax County government is organized under the Urban County Executive form of government as defined under the *Code of Virginia*. The governing body of the County is the Board of Supervisors, which makes policies for the administration of the County. The Board of Supervisors consists of ten members: the Chairman, elected at large, and one member from each of nine supervisory districts, elected for four year terms by the voters of the district in which the member resides. The Board of Supervisors appoints a County Executive to act as the administrative head of the County.

The County Executive serves at the pleasure of the Board of Supervisors, carries out the policies established by the Board of Supervisors, directs business and administrative procedures, and recommends officers and personnel to be appointed by the Board of Supervisors. An organizational chart of Fairfax County government is provided on the next page.

## **THE BUDGET PROCESS**

The budget has several major purposes. It converts the County's long-range plans and policies into services and programs; serves as a vehicle to communicate these plans to the public; details the costs of County services and programs; and, outlines the revenues (taxes and fees) that support the County's services, including the rate of taxation for the coming fiscal year. Once the budget has been adopted by the Board of Supervisors, it becomes a work plan of objectives to be accomplished during the next fiscal year.

The budget process begins in the Spring of each year with the development of the Operating Agency, Capital Construction, and Contributory Budget Manuals which embody the budget formulation guidelines. These manuals provide specific guidelines, such as inflation factors and computation/projection methodologies. Based on these guidelines, all County departments and agencies prepare their funding requests and submit them to the Department of Management and Budget in August and September for review and analysis.

The County Executive's recommended budget is based on guidance provided in the *Ten Principles of Sound Financial Management*, the annual Budget Guidelines adopted by the Board of Supervisors, and input from the Senior Management Team. The County Executive's proposed budget is detailed in the Advertised Budget volumes, which are prepared in January and February and submitted to the Board of Supervisors in late February. The Board of Supervisors reviews the proposed budget during March and April, and makes funding adjustments to be included in the Adopted Budget Plan. The Adopted Budget Plan and corresponding tax rates are adopted by the end of April.

During the fiscal year, quarterly reviews of revenue and expenditures are undertaken by the Department of Management and Budget, and any necessary adjustments are made to the budget. On the basis of these reviews, the Board of Supervisors revises appropriations. Public hearings are held prior to Board action when potential appropriation increases are greater than \$500,000.

Citizen involvement and understanding of the budget is a key part of the review process. Upon request, County staff is available to speak before citizen groups to explain the budget and to answer questions. Public hearings on the County Executive's FY 2001 Advertised Budget Plan and the FY 2001 - FY 2005 Capital Improvement Program (CIP) will be held on April 3, 4 and 5, 2000.

The mark-up of the FY 2001 budget will occur on Monday, April 17, 2000, and the Board of Supervisors will formally adopt the FY 2001 Budget Plan on Monday, April 24, 2000.

The budget year officially starts on July 1; however, the budget process itself is a continuum which involves both the current year budget and the next fiscal year's budget.

Changes to the current year budget are made at the Third Quarter and Carryover Reviews. The Carryover Review both closes out the current year and revises the expenditure level for the subsequent year. These changes must be approved by the Board of Supervisors.

### ***July through August***

#### **The End-of-Year Closeout**

The end-of-year closeout finalizes actual expenditures for all agencies, and, when necessary, the fiscal plan is adjusted to reconcile the actual expenditure amounts. This adjustment is accomplished by reallocation or supplemental appropriation.

#### **Carryover Review**

Carryover represents the analysis of balances remaining from the prior year and provision for the appropriation of funds to cover the prior year's legal obligations (encumbered items) in the new fiscal year without loss of continuity in processing payments. Carryover extends the previous year funding for the purchase of specific items previously approved in the budget process, but for which procurement could not be obtained for various reasons. Funding for those items carried over can be expended without a second full-scale justification and approval procedure.

## ***August/September***

### **Budget Submissions**

Agencies submit their budget requests for the upcoming fiscal year to the Department of Management and Budget in two parts: the baseline request and the addendum, which includes program expansions and other requests beyond the budget development criteria.

### **Board of Supervisors' Action on the Carryover Review**

In September, the Board of Supervisors takes action on the Carryover Review as submitted by the County Executive. Prior to Board action, a public hearing is held to allow County citizens to voice their opinions on potential Carryover adjustments. Carryover revisions represent the first formal revision to the current year Adopted Budget.

## ***August/September through November***

### **Review of Budget Submissions**

The Department of Management and Budget reviews each agency's budget submission and provides recommendations to the County Executive. These recommendations consist of expenditure analyses and evaluations of agency goals, objectives, and performance indicators. This review culminates in an agency narrative, which is included in a package forwarded to the County Executive for review and decision, and ultimately published in the Advertised Budget Plan.

## ***September through Early January***

The Department of Management and Budget finalizes recommendations on upcoming fiscal year requirements. These recommendations are forwarded to the County Executive, the Deputy County Executives, the Chief Financial Officer and the Chief Information Officer.

### **Senior Management Meetings**

The County Executive meets with the Senior Management Team to discuss budget issues and priorities for the upcoming year and beyond. Suggestions from these meetings are considered by the County Executive in formulating the budget.

### **County Executive Meetings**

Beginning in late December, the County Executive, Deputy County Executives, Chief Financial Officer, Chief Information Officer and Department of Management and Budget staff meet regarding the Department of Management and Budget's recommendations.

## ***February***

The County Executive releases the upcoming year's Advertised Budget Plan, which summarizes estimated revenues, expenditures, transfers, agency goals, objectives and performance data. In addition, sections are included to show major budgetary/financial policies and guidelines used in the fiscal management of the County.

## ***March/April***

### **Third Quarter Review**

In mid-March, the Department of Management and Budget conducts the Third Quarter Review on the current year Revised Budget Plan including a line item analysis of expenditure requirements. The Department of Management and Budget's recommendations are forwarded to the County Executive for review and adjustment. The package is then forwarded to the Board of Supervisors for its action.

Following the public hearings on the Advertised Budget Plan, the Board of Supervisors conducts a mark-up session in which adjustments to the Advertised Budget Plan are made.
